

DON MARIANO MARCOS MEMORIAL STATE UNIVERSITY

ANNUAL REPORT

SY 2019-2020

June 24, 2020

President Rodrigo Roa Duterte
Republic of the Philippines

Through **Honorable J. Prospero E. De Vera III**
Chairperson, DMMMSU Board of Regents
Chairperson, Commission on Higher Education

Dear President Duterte:

I am pleased to submit to you the Annual Report of Don Mariano Marcos Memorial State University, La Union, for the School Year 2019-2020.

The presentation in this report is based on my 11-point agenda as President of the University. These agenda are coined into I LOVE DMMMSU which are as follows:

- I** for institutional quality and program excellence,
- L** for laudable academic programs,
- O** for operational and scientific research program,
- V** for vibrant extension and community development programs,
- E** for efficient and effective resource generation,
- D** for dynamic faculty and staff development,
- M** for meaningful student services and development,
- M** for manifold physical resource and development,
- M** for more responsive management and governance,
- S** for sustained linkages and collaboration, and
- U** for unified, strong, collaborative and supportive alumni.

This report also shows the love of DMMMSU to its surrounding communities through its "DMMMSU para sa Elyu" Social Amelioration Program.

DMMMSU also sent help to Batangenos during the eruption of Taal Volcano.

We vow to make more impactful contributions to our country's national development.

Sipupudno,

JAIME I. MANUEL, JR.
President, DMMMSU

Institutional quality and program excellence

To ensure institutional quality and program excellence, we have been implementing a holistic approach to achieving Institutional Accreditation, and ISO Certifications.

The North La Union Campus (NLUC) underwent Institutional Sustainability Assessment (ISA) last September 25-27, 2019, and we are yet waiting for results.

Moreover, we are currently working for International Organization for Standardization (ISO-9001:2015) Certification. A series of trainings and workshops were scheduled from January to June this year.

In addition, seventy-three percent (73%) of DMMMSU's academic programs have been accredited. Ten programs are Reaccredited Level IV.

DMMMSU has 5 Centers of Development. As a proof of DMMMSU's excellent program offerings, a total of 33,370 students enrolled during the 1st and 2nd semester. The Mid-Year Term was cancelled to give way to extension of classes during the CoVID-19 Pandemic.

DMMMSU produced a total of 1,915 graduates during the SY 2019-2020.

Laudable academic programs

All programs offered are compliant with CHED's policies, standards, and guidelines. New general education courses are fully implemented. 100% of undergraduate programs are outcomes based compliant. Five new programs are offered. In addition, DMMMSU records an impressive performance of its graduates in the licensure examinations. Two were topnotchers in the licensure examinations. DMMMSU is also the 4th Best Fisheries Technology School in the Philippines, and the 8th Best School in Master Electrician.

Operational and scientific research program

To encourage more faculty members to engage in research, we increased incentives for publication and presentation. For this school year, fifty-four (54) researches were completed, 205 are ongoing, 5 researches were published in reputable international journals, and 99 studies were presented in international, national, and local research fora.

4

Vibrant extension and community development programs

DMMMSU has 72 active partnerships with LGUs, industries, NGOs, and other stakeholders. It offered 101 trainings and served 3,902 beneficiaries.

18

Efficient and effective resource generation

To maximize the utilization of resources in order to increase productivity, plans on the development of Alipang, the Central Administration at Raais Farm, and Fisheries Research and Training Institute (FRTI) into Agri-Eco Tourism Center have already been crafted. Also, as of the first quarter this year, Php 8,933,306.15 was outsourced and Php 20,104,552.37 was internally generated.

For this fiscal year, 2020, DMMMSU was given a budget of Php 1,129,836,000.00 from the General Appropriations Act. Php 334,125,000.00 of which was used for Capital Outlay.

26

11

Dynamic faculty and staff development

Of the 706 faculty members, 44 are Professors, 106 are Associate Professors, 147 are Assistant Professors, and 409 are instructors. Moreover, 173 hold PhD degrees, 363 hold MA/MS degrees, and 170 hold BS/BA degrees.

From the Faculty and Staff Development, 41 are on scholarship. Ninety-six (96) are CHED sponsored scholars, 12 are DOST sponsored scholars, 2 KOICA sponsored scholars, and 1 ACYLS sponsored scholar.

DMMMSU has 509 non-teaching staff, 487 are regular, and 22 are casual. DMMMSU also supported faculty members and staff in their attendance to international, national, local trainings and seminars.

38

15

In order to equip them for the "new normal", faculty members were trained on online teaching and learning content and skills delivery.

Meaningful student services and development 44

DMMMSU had a total of 6, 317 government and private sponsored scholars. It provides for quality facilities and activities for its students' holistic development.

This school year, DMMMSU increased sports incentives for students.

Manifold physical resources and development 47

DMMMSU has started with the transfer and titling of land properties and the enactment of Campus Comprehensive Land Use Plan. To accomplish this, the Land Transfer and Titling Office was created. In addition, we wanted to further advance the teaching and learning environment. Moreover, DMMMSU has already established 100 percent campus interconnectivity. DMMMSU free WiFi which is open to all students has been established in the main campuses.

More responsive management and governance 48

To further empower operating units and guarantee more participatory management and consultative decision-making, and to ensure effective and efficient operations in the University, a number of manuals, policies, and handbooks were crafted, revised, and/or improved. In addition, DMMMSU carried out climate mitigation activities.

Sustained linkages and collaboration 50

DMMMSU has 20 active collaborations in various institutions abroad. It welcomes in bound students and sends students for internship abroad.

During the CoVID-19 pandemic, 5 student-interns at Vietnam were repatriated. On the other hand, student-interns at Israel are closely being monitored.

Unified, strong, collaborative and supportive alumni 53

DMMMSU maintains a strong alumni relations through a functional Alumni Relations Office which conducted alumni homecoming activities in campuses and colleges, traced 55 percent of DMMMSU alumni; and continuously collaborates with Jobs180.com in tracing its alumni.

The heart of DMMMSU: DMMMSU para sa Elyu 56

DMMMSU through its Social Program titled DMMMSU para sa Elyu donated money, food commodities, hygiene commodities, and PPE's to frontline workers in La Union.

The heart of DMMMSU: DMMMSU para sa Batangas 74

On February 6, 2020, DMMMSU reached out to victims of the eruption of Taal Volcano. Five-hundred families at Laurel, Batangas were given aid.

INSTITUTIONAL QUALITY AND PROGRAM EXCELLENCE

To ensure institutional quality and program excellence, we have been implementing a holistic approach to achieving Institutional Accreditation, and ISO Certifications.

NLUC already underwent Institutional Sustainability Assessment (ISA) last September 25-27, 2019, and we are yet waiting for results.

Moreover, we are currently working for International Organization for Standardization (ISO-9001:2015) Certification.

DMMMSU Quality Assurance Unit, in cooperation with JBDC Occupational Health and Safety and Environment Consultancy (JBDC OHSEC), organized a consultation for ISO 9001:2015 quality management system on January 27-31, 2020.

The five-day consultation took place at the Central Administration Conference Hall and brought together the University President, the Vice Presidents, Chancellors, Executive Directors, Function Directors, Deans, Campus Heads, and Program Chairs to be oriented on how to go about the ISO certification.

Gap assessment was conducted on the first day which provided the participants clear view of the University's preparedness for an assessment.

The second and the third day were devoted to 'awareness seminar' which familiarized the participants on ISO, and Standard Operating Procedures vis a vis the control of documents.

Moreover, 'risk management' was discussed on the fourth and the fifth day. Participants were grouped according to clusters and were asked to do a SWOT analysis and to identify risks, and were taught to prepare an action plan.

In February 2020, a series of workshops among process owners were done to establish clear understanding on how to integrate their roles in the different procedures in Instruction, Research, Extension, including the support services (HR, Auxiliary, MIS, etc.). The ISO criteria served as the benchmark in the formulation of procedures.

In March 2020, Week 2 of workshop with JBDC OHSEP was conducted. SOPs were presented for further comments and recommendations by the big group with the Consultant. Unfortunately, activities were aborted effective March 16 due to the Enhanced Community Quarantine (ECQ) status of Luzon brought about by Covid 19 pandemic. Hence, protocol on submission was initiated by the MIS and a link (tinyurl.com/DMMMSUIISO) was established as the common Google drive for all to access any update on the ISO write shop.

During the lockdown, DMMMSU closely coordinated with JBDC OHSEP Company on the write shops.

INSTITUTIONAL QUALITY AND PROGRAM EXCELLENCE

DMMMSU works hard to maintain quality and excellence in its programs. As a result, 73 percent of our programs are accredited.

INSTITUTIONAL QUALITY AND PROGRAM EXCELLENCE

Below are 2019-2020 number of enrollees and graduates.

ENROLLEES

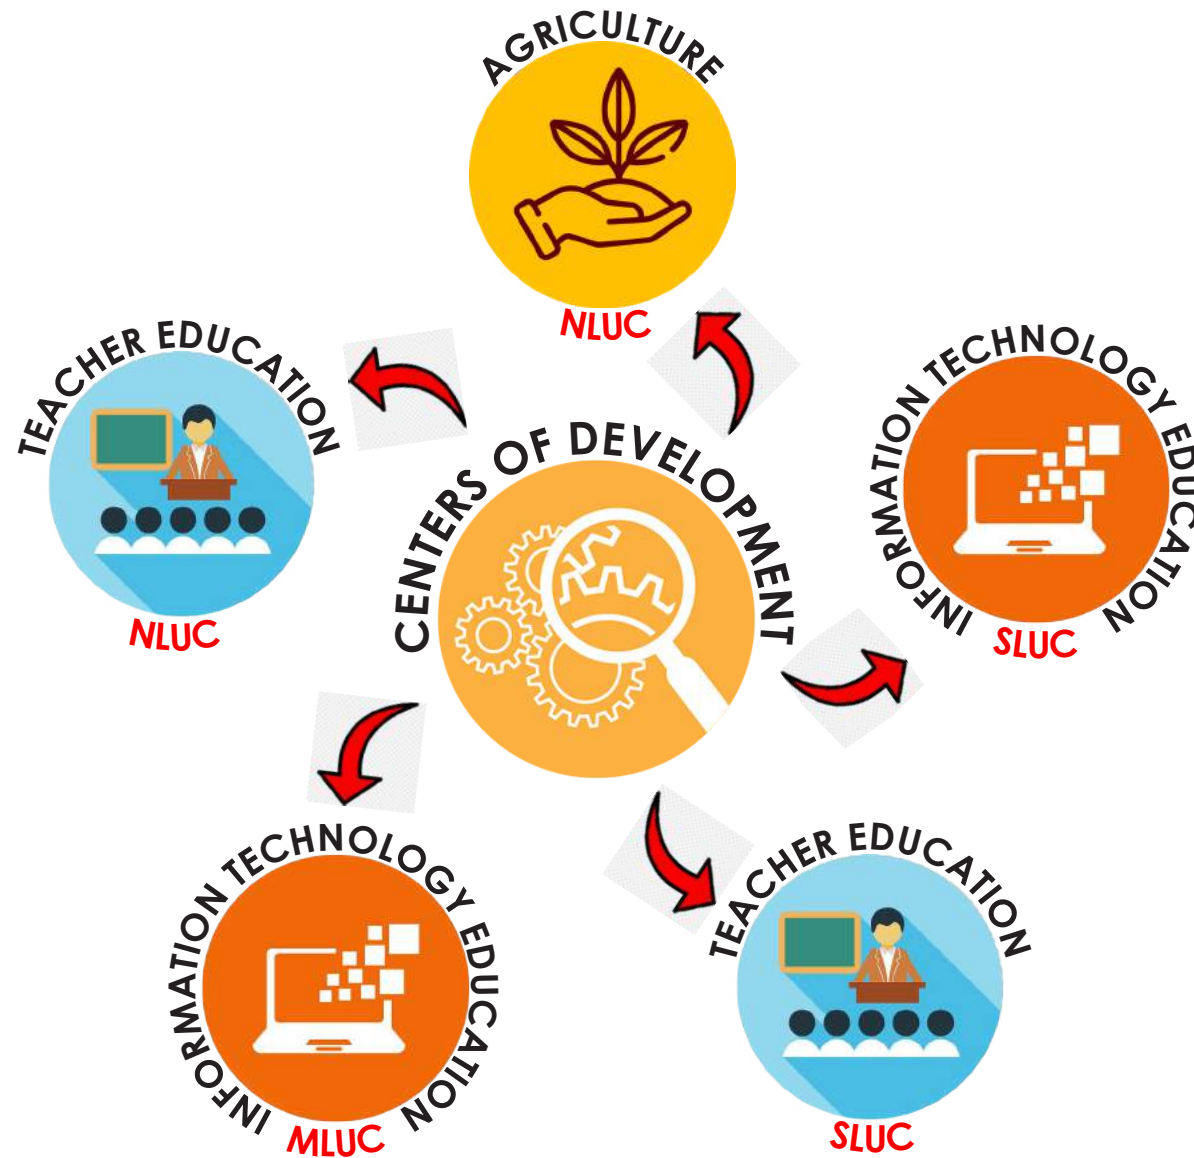

GRADUATES

INSTITUTIONAL QUALITY AND PROGRAM EXCELLENCE

Currently, we have 5 Centers of Development.

DOUS tied up with DOST for continuing education of Pisay Ilocos personnel

Without leaving their work stations, some teachers and office staff of the Philippine Science High School (PSHS) Ilocos Region campus in San Ildefonso, Ilocos Sur earned units in professional education, thanks to the DOUS Continuing Professional Education and Development program (CPED).

This training program was funded by the Department of Science and Technology for 29 scholars of PSHSS-Ilocos Region campus. The program ran from September 2019 to May 2020 where the scholars earned 18 units, qualifying them to take the Licensure Exam for Teachers.

The program was offered through distance mode where classes were held in their campus, making it convenient for them to learn.

INSTITUTIONAL QUALITY AND PROGRAM EXCELLENCE

The DMMMSU Open University System, represented by its Executive Director, Dr. Joanne C. Rivera, shared its practices in flexible learning with Tarlac Agricultural University (TAU) and other Higher Education Institutions (HEI) in a webinar hosted by TAU on June 11, 2020.

Aside from flexible learning practices, Dr. Rivera presented an overview of distance education (DE), the DE modes and models of DOUS, the methods that lead to successful teaching and learning in a distance environment, and instructional scheduling models in DE.

Dr. Stephan Kupsch, Director of Management Information System of DMMMSU, also discussed on Google Suite for education and other IT tools and services that are tailored for schools.

The presentations were helpful to the participants as schools are preparing to open classes this August, especially for those HEIs that are new to distance education and flexible learning.

The graphic features the Tarlac Agricultural University logo on the left, which includes a green circular emblem with a torch and the text 'TARLAC AGRICULTURAL UNIVERSITY', '1945', and 'CHALLENGE EXCELLENCE'. The main title is 'TAU WEBINAR SERIES' in bold black letters, followed by 'FLEXIBLE LEARNING' in large green letters. Below this is the subtitle 'Learning Management System and Distance Education Implementation in SUCs' in italicized black text. The speakers are listed in colored horizontal bars with circular headshots: Dr. Albertson D. Amante (Vice President for RDE, Batangas State University) in a light green bar; Dr. Joanne C. Rivera (OUS Director, Don Mariano Marcos Memorial State University) in a light orange bar; Dr. Stephan Kupsch (MIS Director, Don Mariano Marcos Memorial State University) in a light green bar; and Dr. Marlon Torres (MIS Director, Nueva Ecija University of Science and Technology) in a light orange bar. At the bottom, the date 'June 11, 2020' and time '(9:30 a.m.)' are displayed in white text on a green background.

OPERATIONAL AND SCIENTIFIC RESEARCH PROGRAMS

Faculty members are now better equipped to conduct research after attending an in-house seminar on research ethics and the use of Turnitin, an internet-based plagiarism detection service at the DOUS compound on June 3, 2020.

VIBRANT EXTENSION AND COMMUNITY DEVELOPMENT

For vibrant extension and community development programs, we encourage the implementation of research-based extension and community programs which are responsive to national and international goals.

We ensure the sustainability of current extension development programs with increased number of adapters.

We develop strategies to sustain community-based programs for global visibility.

We have **72 partnerships** with LGUs, industries, NGOs, NGAs, SME, and other stakeholders.

We offered **101 various trainings** and services to **3,902 beneficiaries**.

DOUS conducted a training on food safety and food handling practices for small scale business owners and fisherfolk at Sto. Rosario, Aringay, La Union last Sept. 18-19, 2019. This is to help sustain their production of tinapa and processed meat products by protecting their products from damage and contamination. Prof. Meljo Apilado served as trainer in this training which is part of DOUS extension project called "Adopt a Barangay Program".

VIBRANT EXTENSION AND COMMUNITY DEVELOPMENT

Project TANGLAW is an extension project of DOUS for Drug Surrenderers in partnership with Department of Justice - Parole and Probation Administration (DOJ-PPA).

Last Sept. 20, 2019, DOUS held a Training on Food Technology and Food Handling "May Kita sa Pagkain" which was participated in by 97 parolees.

The trainers, retired Prof. Lugene Donguines of DMMMSU Mid La Union Campus and Prof. Meljo Apilado of DOUS discussed on proper Food Handling and Meat Processing (Skinless Longganisa, Siomai, Tocino, Que Kiam). Dressed properly, the participants had a taste of what it is like to be a chef, learning the how's and why's of cooking and processing, choosing right ingredients and most importantly, proper hygiene. The return of investment on the projected sales was also discussed in the training.

Medical Dental Mission at Bagulin, La Union

VIBRANT EXTENSION AND COMMUNITY DEVELOPMENT

DOUS conducted its last three trainings for “Project Tanglaw” last Nov. 15, 2019 at the DOUS compound. “Project Tanglaw” is an extension program for parolees with the aim to help them become productive in the community and go back to their normal lives. Topics discussed were Farm Animal Management, Business Correspondence, and Basic Information Technology. The learning service providers were Dr. Cf Omar Bernardino Domingo, Prof. Claudia Denise Barbadillo, and Dr. Amy Balcita, respectively.

CONDUCT CULTURAL MAPPING

Twenty DOUS faculty and non-teaching staff learned to document tangible and intangible cultural property in the City of San Fernando, Bauang, and Bangar, La Union through a training on cultural mapping held last February 11 to 14, 2020. Cultural mapping is a grassroots-level participatory tool and technique used to document and preserve tangible and intangible cultural heritage in a locality.

This cultural heritage promotion is part of good governance as indicated in the Department of Interior and Local Government (DILG) Memorandum Circular No. 2019-44 released on March 15, 2019. Moreover, conservation and preservation of cultural property and the creation of a cultural property inventory is a requirement of good governance as stipulated in Republic Act 11292, also known as "The Seal of Good Local Governance Act of 2019".

To date, DMMMSU, through its Open University System, is the first SUC in Region 1 to avail of the cultural mapping training.

Arvin Villalon of NCCA (right) guides DOUS faculty members on how to properly measure a statue to prepare them in mapping tangible immovable cultural property.

DOUS faculty and staff conducts on-site mapping by interviewing residents and conducting observation of various areas in Bauang, La Union.

DOUS MAKES KIDS SMILE

Students of Champions Academy, a newly-established Christian school in the City of San Fernando, La Union were all smiles after being trained by three DOUS faculty on Feb. 19, 2020. Through its extension project called "Make Kids Smile", the DOUS conducted a Life Skills training for Students at the Champions Academy in Santiago Norte, City of San Fernando, La Union where 32 students from Kindergarten to Grade 4 participated along with their teachers.

Doing the new normal in extension

The DMMMSU Open University System hosted its first webinar through its Facebook page (facebook.com/DMMMSUopenuniversity) on June 9, 2020.

This is the first of a series of webinars under its e-Project Tanglaw extension program.

There were over 800 viewers of the webinar, including clients of the Parole and Probation Administration (PPA) in Region 1 who are the beneficiaries of Project Tanglaw, a three-year rehabilitation program for them.

Dr. Nhorly Domenden acted as resource person for the webinar with the topic, COVID-19: Relationship to Stress and Anxiety. Dr. Domenden is the director of the WUNDT Psychological Institute and president of Region 1 Association of Guidance Counselors.

EFFICIENT AND EFFECTIVE RESOURCE GENERATION

As of the first quarter of 2020, DMMMSU was able to externally generate Php 8,833,306.15 and internally generate Php 20,104,552.37.

EFFICIENT AND EFFECTIVE RESOURCE GENERATION

For FY 2020, DMMMSU received Php 1,129,836,000.00 from the General Appropriations Act. Php 334,125,000.00 of which was utilized for Capital Outlay.

---	--	------------

As for efficient and effective resource generation, we aim to maximize the utilization of resources to increase productivity, expand existing IGPs, rationalize incentive scheme to sustain enthusiasm of the personnel concerned.

We also aim to maximize the potentials of the agricultural landholdings of our University to generate more income and to significantly contribute to the PGLU's vision of making La Union the Agri-Tourism Center of the North.

Alipang which used to house the College of Agriculture at Rosario, and which has recently been reacquired from the Carabao Center of the Philippines (CCP) will be transformed into an Agri-Eco Tourism and Technology Business Incubator Center for the College of Agriculture and Sericulture Research and Development Institute (SRDI), Fisheries Research and Training Institute (FRTI) and the proposed Central Administration at Raos Farm will also be converted into Agri-Eco Tourism Center.

DYNAMIC FACULTY AND STAFF DEVELOPMENT

For dynamic faculty and staff development, we aim to strengthen the Faculty and Staff Development Program to make it more responsive to the needs of the University and to ensure the professional development of our faculty and staff.

To encourage more faculty members to pursue and finish their graduate studies incentives have been increased.

OLD		New (for scholars enrolled at Top 1,000 Universities in the Philippines)	New (for scholars enrolled at Level 3 Programs or COD/ COE Programs)
Monthly Stipend (Masters)	Php 3,000.00	Php 15,000.00	Php 7,500.00
Monthly Stipend (Doctoral)	Php 4,000.00	Php 15,000.00	Php 7,500.00
Book Allowance	Php 1,000.00	Php 10,000.00	Php 10,000.00

Dissertation Aid	Php 20,000.00	Php 75,000.00	Php 35,000.00

Of the 685 faculty members, 41 are Professors, 149 are Associate Professors, 185 are Assistant Professors, and 310 are Instructors. Moreover, 180 are PhD/EdD holders, 170 are MA/MS degrees, and 353 have BS/BA degree holders.

Profile according to Academic Rank

- Professor
- Associate Professor
- Assistant Professor
- Instructor

Profile according to Degree

- Ph.D./Ed.D.
- MS/MA
- BA/AB

Of the 511 non-teaching staff,
488 are Regular and
23 are Casual

From the Faculty and Staff Development Program, we approved **41 scholars** and we are encouraging more to enroll in the top 1000 Universities in the Philippines, or Level 3, or COD/COE Programs in order to strengthen our human resource.

We also have

96 CHED scholars,
12 DOST scholars,
2 KOICA scholars, and
1 ACYLS scholar.

DYNAMIC FACULTY AND STAFF DEVELOPMENT

We also supported faculty members and staff in their attendance to **international trainings and seminars**, and in the **national level**.

Teachers are recently faced with a huge challenge brought about by COVID 19 pandemic. In order to equip and empower them to be able to efficiently and effectively deliver skills and content to their students, thereby adjusting to the “new normal”, they were trained on various technologies and platforms in teaching.

DMMMSU-SLUC has already started strengthening its Learning Management System through a series of trainings.

A series of trainings and workshops on instructional design tools for distance learning initiated by the College of Computer Science were conducted on May 26 to June 2020. The trainings aimed to introduce and review the use of software tools for teachers who wish to present their topics in multiple media and carry out teaching online.

DMMMSU has been responsive to the needs of its students. They are provided adequate housing, sports, health, security and food service facilities.

For the past school year, we had a total of **6,317 government and private sponsored scholars**.

MEANINGFUL STUDENT SERVICES AND DEVELOPMENT

To encourage more athletes to get engaged in sports, we have increased their incentives. The table below shows the new sports incentive scheme as approved by the Board as compared against the previous scheme.

MEANINGFUL STUDENT SERVICES AND DEVELOPMENT

In the 2020 Regional SCUAA, Stingers (DMMMSU athletes), were the **1st overall champion** among **six SUCs in Region I**, having earned **54 gold medals**, and **82 silver medals** which was highest among the six SUCs. The total amount of the incentives given to all the Stingers is **Three hundred seventy-four thousand pesos (Php 374,000.00)**.

To achieve manifold physical resources and development, we aim to prioritize the transfer and titling of land properties and the enactment of Campus Comprehensive Land Use Plan. To accomplish these, we created the Land Transfer and Titling Office (LATTO) which has been responsible for identifying lots titled and tax declared in the name of DMMMSU, and also those titled but not yet declared under the name of DMMMSU.

MORE RESPONSIVE MANAGEMENT AND GOVERNANCE

To further empower operating units, guarantee more participatory management and consultative decision-making, and ensure effective and efficient operations in the University, the following policies, manuals, guides, and handbooks were crafted, reviewed, or revised.

1. Guidelines in the Selection of University Officials
2. DMMMSU Strategic Plan
3. University Code
4. Administrative Manual
5. Faculty Manual
6. Faculty and Staff Development Plan
7. Student Handbook
8. Library Manual
9. Research Manual
10. Extension Manual
11. Standard Operating Instruction (SOI) for Research
12. IGP Manual
13. IRR in the Use of Buses
14. Policy Guidelines on the Design, Development, Publication, and Sale of IMs
15. SRDI Strategic Plan and Manual
16. Policy Guidelines for Internationalization and IMD
17. Policy on Information and Communications Technology (ICT) System
18. Operations Manual for Alumni Relations Office
19. Comprehensive Land Use Plan (CLUP)

DMMMSU conducts climate mitigation activities such as the use of renewable resources, promotion of more sustainable use of land, water and forest, production of growing crops, raising livestock, implementation of effective and efficient material recovery facility, massive clean-up, tree planting, and rainwater harvesting.

WELL-SUSTAINED LINKAGES AND COLLABORATION BOTH IN THE LOCAL AND GLOBAL ARENA

DMMMSU has a dynamic and functional office of internationalization and global networks.

DMMMSU forged twenty (20) bilateral agreements with partners abroad.

DOUS HOSTS 2 VIETNAMESE STUDENTS FOR THEIR OJT

The DOUS Bachelor of Science in Business Administration program received two students from Hoa Sen University in Ho Chi Minh City, Vietnam for their internship assignment in the Department of Trade and Industry Region 1 office in the City of San Fernando, La Union. Ta Nhut Truc Nguyen (Judy Ta) and Chu An Binh (Jenny), both female students, started their internship at DTI last January 30, 2020.

Their internship is part of the student exchange program of DMMMSU and the Southeast Asian Ministers of Education Organization or SEAMEO. It includes an English language training and cultural tour in the province of La Union which ends on March 8, 2020.

UNIFIED, STRONG, COLLABORATIVE AND SUPPORTIVE ALUMNI

For a unified, strong, collaborative and supportive alumni, we aim to establish both local and international alumni networks. For this school year, the following were accomplished:

- ▶ The VPAA office through the Alumni Relations facilitated and prepared the National Irrigation Administration-Region 1 Farmer's Satisfaction Survey 2019. (September 2019)
- ▶ Forged partnership with JOBS180.com for the alumni portal and Virtual Job Fair 2020.
- ▶ Prepared, conducted consultations with constituents and finalized draft of the Alumni Relations Operational Manual for Board Approval.
- ▶ Graduate tracing by various campuses was increased by at least 5%. On ground and on line tracking was launched to reach out to graduates of the different programs.
- ▶ Provision of alumni placement services in coordination with various government and private organizations for possible employment of graduates.
- ▶ Prepared proposal and coordinated the first alumni-university collaborative program (medical-dental mission) scheduled for July 2020; however, the activity is to be rescheduled due to COVID 19.
- ▶ Mobilization of various alumni associations to extend financial and other forms of support during the COVID 19 pandemic.

UNIFIED, STRONG, COLLABORATIVE AND SUPPORTIVE ALUMNI

Batch 1986, with their President, Dr. Alexander Jarata, donated PPE's and food packs at La Union Medical Center, Agoo, La Union.

UNIFIED, STRONG, COLLABORATIVE AND SUPPORTIVE ALUMNI

A number of alumni, led by Ms. Josephine Geneta Dacpano, through their Social Program named "Handog Pagmamahal" donated food commodities to Barangay Cabaruan, Sto. Tomas, La Union.

DMMMSU PARA SA ELYU

DMMMSU initiated “**DMMMSU para sa Elyu**” Social Amelioration Program to help the **Provincial Government of La Union (PGLU)** provide for the needs of various frontline workers and work units in the Province.

On March 23, the Central Administration (CA) gave **500 face shield materials to ITRMC**, and **200 to Bacnotan District Hospital**.

On March 24, North La Union Campus, led by its Chancellor, **Dr. Junifer Rey E. Tabafunda**, gave bottles of alcohol to Barangays at Bacnotan.

DMMMSU PARA SA ELYU

On March 25, through the initiatives of PGLU and the City of Baguio, **80 residents** stranded at Baguio City were brought back home to their families at La Union. Two buses of DMMMSU were used to ferry the said residents.

On March 26, **10 face shields** were given to **Barangay Sapilang** and **20 face shields** were given to **Barangay Casiaman** at Bacnotan.

Barangay Sapilang Checkpoint

Barangay Casiaman Checkpoint

DMMMSU PARA SA ELYU

On March 27, 2020, **President Jaime Ipac Manuel, Jr.**, along with his team, delivered aids to **Ilocos Training and Regional Medical Center (ITRMC)**.

DMMMSU para sa Elyu team bestowed the following to ITRMC: 1) two lechon, 2) bars of seaweed soap, 3) jars of sea weed pickles, 4) packs of sea weed candies, 5) bottles of liquid hand soap, 6) cartons of bottled drinking water, 7) one box of PVC folders, 8) two rolls of garters, and 9) three packs of double sided tapes.

They also delivered three packs of PVC folders and one pack of double sided tapes at Bacnotan District Hospital.

In addition, MLUC led by its Chancellor, **Dr. Eduardo C. Corpuz**, donated 500 PVCs for face shields at San Fernando City PNP stations where each station received 50 pieces of PVCs.

Moreover, Barangay Pandan received 4 face shields, and Bacnotan PNP, 20.

Not leaving its work force behind, DMMMSU also gave 20 face shields to its Security Force.

On March 31, DMMMSU Central Administration donated 4 boxes of face masks, 160 pieces of surgical caps, and 3 boxes of latex examination gloves to Caba District Hospital.

On the same day, March 31, the **National Apiculture Research Training and Development Institute (NARTDI)** delivered 260 bottles of liquid hand soap with honey and propolis to the Local Government Unit of Bacnotan, La Union.

NARTDI being the country's premier institution leading in the development of the apiculture industry and promoting the use of honey, initiated the immediate production of honeybee products-based liquid hand soap out of available Institute stocks; hence, they were able to produce 120 bottles (1l/bot) of liquid hand soap with honey and 160 bottles (260ml/bot) of liquid hand soap with propolis, respectively.

Still on, March 31, DMMMSU Open University System (DOUS) through its “Handog Pasasalamat mula sa DMMMSU Open University System” gave face masks and Personal Protective Equipment (PPE) to frontliners in the Ilocos Training and Regional Medical Center (ITRMC).

On April 1, Caba District Hospital further received 200 face shields and 50 bags of fruits.

On the same day, DMMMSU-SLUC sent their first wave of donations to La Union Medical Center (LUMC) at Agoo, Caba Medicare Community Hospital, and Rosario District Hospital.

Not only did the SLUC Faculty Association and the SLUC Non-Teaching Association donate finances but also shared their time and skill in preparing face shields.

Miss Claire Fonbuena, OIC Chief Nurse, received for LUMC 500 face shields, 300 pieces acetate films, and 100 bags.

Dr. Gretchen F. Aromin, Chief of Caba District Hospital received for their staff 200 face shields and 50 bags of fruits.

Meanwhile, Mr. Alexander Flores, Administrative Officer, received for Rosario District Hospital, 200 face shields and 50 bags of fruits.

In addition, they also received 200 face masks and 220 face shields, which were crafted by NLUC Faculty Association and Non-Teaching Association.

DMMMSU-NLUC also consistently provided for the sustenance of 14 students who were not able to go home because of the Enhanced Community Quarantine (ECQ).

DMMMSU PARA SA ELYU

On April 3, DMMMSU-MLUC delivered 20 cases of bottles of water to Ilocos Training and Regional Medical Center (ITRMC) at San Fernando City. They also distributed 14 cases to frontline workers at PNP, Bureau of Fire Protection, Department of Public Works

On April 6, 2020, DMMMSU-NLUC personnel distributed 85 bottles of pickled seaweeds, 63 bottles of fish paste (padas), 450 pieces of puto, 6 packs of 3-in-1 coffee, 4 packs of instant chocolate drink, 6 packs of biscuits, 5 packs of bottled water and 2 packs of softdrinks to checkpoints and hospitals at Bacnotan and Balaoan,

DMMMSU PARA SA ELYU

On April 8, DMMMSU-SLUC Faculty Association in cooperation with the University Faculty Association once again braved their way out for their second wave of help. They gave La Union Medical Center, Agoo, La Union and handed the amount of forty thousand pesos (Php 40,000.00) and 600 pieces of face masks.

They also bestowed Caba Community Hospital fifteen thousand pesos (Php 15,000.00) and 200 face masks, and Rosario District Hospital the same – fifteen thousand pesos (Php 15,000.00) and 200 face masks.

On April 30, NLUC students who failed to go back to their respective places received food and hygiene commodities from the Central Administration. In addition, as a form of thanksgiving on his 50th birthday, **President Jaime I. Manuel, Jr.** gave the 15 stranded students one thousand pesos (Php 1,000.00) each.

DMMMSU PARA SA ELYU

On May 1, fifteen stranded students from the College of Education – South La Union Campus received food commodities and allowance.

On May 6, five stranded students from the College of Education of the South La Union Campus were sent home.

DMMMSU PARA SA ELYU

On May 5, the University gave its employees face masks amounting to two hundred thousand pesos (Php 200,000.00).

On May 8, the University Student Council, led by its President, Ms. Judy Ann Hidalgo, donated essentials and food allowance amounting to one hundred forty thousand pesos (Php 140,000.00) to stranded students.

Taal victims: Maraming salamat po DMMMSU

"Maraming salamat po, (Thank you so much) DMMMSU!"

Smiles accentuated the faces of hundreds of evacuees at Laurel, Batangas as they received donations from DMMMSU on February 6, 2020. A total of 537 bags of goods were distributed.

The 37 - member charity team of DMMMSU left Agoo past midnight of February 5 for its mission to help the families affected by the eruption of Taal Volcano. After a nine-hour drive including what seemed an endless journey through uninhabited mountains of Batangas, the convoy composed of one closed winged truck and two buses of DMMMSU loaded with goods, and three vans carrying the team, reached the town of Laurel at 30 minutes past 9 in the morning of February 6, 2020.

The team led by Hon. Jo Ann P. Rulla, the Faculty Regent of DMMMSU, met with the Mayor of Laurel, Hon. Joan Lumbres Amo, and the town's Vice Mayor, Hon. Rachelle B. Ogalinda, who, along with other town officials and Municipal DSWD personnel, were attending to the needs of families housed in tents inside their town's covered court. After the courtesy call with the municipal officials, the team was accompanied by Ms. Mary Rose O. Matienzo, MDSWD staff to distribute goods to evacuation centers in five barangays at Laurel. The team was advised to distribute goods in these barangays as they are the ones seldom reached by help compared with the families housed in the town's covered court as the place was most accessible for benefactors to unload goods.

The team was first brought to Barangay Dofli where 21 families were each given three (3) bags of goods and three (3) bottles of 6.6 liters of water. After that, the team was brought to Barangay Balakilong where 27 families queued for three (3) bags of goods and three (3) bottles of water.

Realizing there were more families waiting for help, the team reduced the number of bags being distributed to the third barangay, Barangay Leviste, where 50 families each queued to receive one bag and one bottle of water. The team reached the fourth evacuation center located at the Elementary School of As-is, and 44 families were given the same help.

When the team reached the last evacuation center housed at the covered court of Barangay Poblacion 5, 119 families also living in tents were waiting. Because there were enough left, each family received three (3) bags of goods and three (3) bottles of 6.6 liters of water, much to their surprise.

Still, there were some more of the help left and so the team decided to distribute to families on their way out of the town of Laurel.

Other members of the team include teaching and nonteaching personnel: Ms. Rima Baldemor, Ms. Jo Dynalyn Lachica, Prof. Theresa Calicdan, Prof. Enrico Dacanay, Prof. Katrina Dacanay, Prof. Denver Oficiar, Prof. Melody Tumanan, Prof. April Rivera, Dr. Maricon Viduya, Dr. Priscilo P. Fontanilla, Jr., Dr. Florendo Damaso, Jr., Mr. Santos Esperon, Mr. Meljun Panelo, Mr. Nixon Aquino, Mr. Aries Ugay, Mr. Hilario Milanés, and the drivers of the buses and the truck.

Sixteen students from the South La Union Campus were also part of the team, 14 of whom come from the College of Education and they are namely, Melba Madilo, Sandra Ellamil, Olando Nollado, Rosemari Muyano, Alma Claire Quiliza, Ruby Rose Boado, Jasmin Frialde, Marivic Macaltao, Helen Grace Rullan, Jennelyn Cabanilla, Mark Niel Gatche, Cherry Ann Paguel, Mark Aldrin Valdez, Jon Dovi Gonzales, and Divine Arcel Munar from the College of Arts and Sciences, and Ryan Bel Soriano from the College of Computer Science.

Jon Dovi, a staff of College Forum, the Official Publication of the Campus, described his experience as “something very fulfilling”. All the other students, despite their physical exhaustion during the 5-hour distribution of goods, were grateful that they became part of the team. They were happy having been part of that “one-of-a-kind experience”.

The members of the team sustained themselves with a simple breakfast until they got their next meal for the day at 4pm at the South Express Way as there were no food centers opened along their way out of the towns of Laurel, Talisay, Agoncillo, and San Nilocas - four towns which were seriously damaged by the eruption of Taal Volcano. The landscape especially that of Talisay literally turned gray.

The team left Laurel unmindful of their hunger as they were filled with joy for having accomplished one huge act of kindness. On top of that, they were all beaming with excitement when they got closest to the infamous Taal Volcano.

President Jaime Ipac Manuel, Jr. fully supported the team in their mission to deliver the goods. He provided the two buses and went to personally ask the Provincial Government of La Union, through Governor Francisco Emmanuel “Pacoy” R. Ortega III for the truck which transported the bottles of water.

Happy about the success of the charity project, the team wished there were more help extended as many families were in need of help. Only the families officially registered in the evacuation centers received help but many others who left the evacuation centers to start cleaning their houses were also wanting of the same help.

DMMMSU started 2020 extending help to those in need and it won't waver helping because love, compassion and service are at the core of DMMMSU.

Hail, beloved Alma Mater
 Don Mariano Marcos Memorial State University
 Your honored name will shine forever
 Keep your glorious fame resounding far and near.
 From thy portals we learn
 Skills unknown before
 And heads and hands keep on craving for more
 Oh hail, beloved institution
 Never shall we stand forlorn
 From you a new era is born
 To keep life smoothly moving on.
 You are our inspiration
 In our quest for knowledge and wisdom
 You fulfill a noble mission
 In instruction, research and extension
 You give the best solution
 In transforming our land into a great nation
 And though the years may come and go
 Our love for you will grow
 Beloved University
 We are proud of you.
 We are proud of you.

PHILOSOPHY

Total human development with appropriate competencies.

Naan-anay a pannakamuli ti tao iti umiso ken nadumaduma a kabaelan.

VISION

A globally competitive university.

Kangrunaan ken mabigbigbig nga universidad iti sangalubungan.

MISSION

Provides high quality instruction, research and extension.

Mangipaay iti maiyanatup ken dekalidad a panagisuro, panagsukisok ken ekstensiyon.

GOAL

To lead in transforming human resources into productive, self-reliant citizens and responsible leaders.

Mangidaulo iti pannakatubay dagiti tao a managpamuyay, makapagwaywayas ken nanakman a mangidalan.
